

DISCOVER STAIN REPELLENT DIAMOND

Stands up to scrubbing, scuffs and stains.

The ideal paint for even the toughest environments. The **Dulux Trade Diamond** range features unique stain repellent technology; making it easier to clean spills and marks away.

The durable and scrubbable choice for hallways, kitchens, dining rooms and other high traffic areas, trust **Diamond** to deliver a quality finish that looks good for longer.

DURABLE, SUSTAINABLE AND IN A RANGE OF COLOURS

A practical and beautiful choice, both **Diamond Matt** and **Diamond Eggshell** are available in a range of colours helping you to create stunning interiors and long lasting results.

In turn this can help to lower costs, extend maintenance cycles and enhance sustainability.

CLEANING AND KEEPING THINGS LOOKING THEIR BEST

To keep surfaces painted with **Diamond Matt** and **Eggshell** looking their best, it's recommended you carry out general or heavy duty cleaning quarterly, every 6 months, annually, or as necessary depending on the environment, exposure to wear and tear, colour and finish.

Avoid vigorous scrubbing or using abrasive cleaners that may impair the finish. Instead, apply just enough pressure to remove marks.

GENERAL CLEANING ADVICE

- Dilute 1 part Sprint cleaner (or similar) and 50 parts warm water in a bucket
- Using a clean Decorator Sponge, wipe the walls then allow to dry

If this does not work, then try the heavy duty cleaning regime.

HEAVY DUTY CLEANING

- Dilute 1 part Sprint cleaner (or similar) to 20 parts warm water in a bucket
- Using a clean Decorator Sponge, wipe the walls then allow to dry

CLEANING DIAMOND HIGH PERFORMANCE EGGSHELL

To remove marks on surfaces painted with **Dulux Trade Diamond High Performance Eggshell**:

- First try the general and heavy duty cleaning regimes
- If some marks remain clean with a Doktor Power Magic Eraser and clean warm water

However, it is not recommended you use a Power Magic Eraser when cleaning deep colours.
